ATTN: R.M. of Val Marie Ratepayers:

RE: EMERGENCY STRYCHNINE USE

Training is now available for producers in the RM of Val Marie through the Strychnine Stewardship Program.

The training is **REQUIRED** to access strychnine. Please allow at least two days after completion of the training session before purchasing product. The required training is available from **May 4, 2026 to August 1, 2026**.

Please follow the link to access training and find more information regarding the program and its requirements:

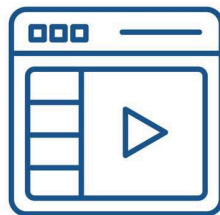

<https://sarm.ca/strychnine-stewardship-training/>. Or go to: www.sarm.ca, then to *Resources*, and then *Strychnine Stewardship Training*.

Please be sure to review the program information and requirements. We do not have any strychnine in stock and do not currently have a date when it will be received, but we will keep everyone informed.

Full program information can be found at: www.saskatchewan.ca, then click the following headings: *Business and Industry/Agriculture, Natural Resources and Industry/Agribusiness, Farmers and Ranchers/Livestock/ Pastures, Grazing, Hay and Silage/ Richardson's Ground Squirrel Management*.

Contact our office if you have any questions.
